Project Update

Spring brings in new and exciting work for GDI. We are preparing for a new condominium development on the Alberta side of Lloydminster, consisting of two different styles of condos both with garages. Construction is expected to start in the month of May.

Currently in the Wallace Field Phase 3 project we are preparing for completions such as landscaping and paving. Continued progress on the IPS building with excellent trade support are allowing us to look farther into this project as the shell is nearly complete!

GDI would like to extend thanks to all continued trade support!

Congratulations!

Congratulations Barry and Brigitte Spurrell on the birth of your precious baby girl!!

Good luck to you and your family!

Recognition of the Month

GDI would like to recognize John Dwyer for his performance in assisting in the final completions of the Wallace Field Phase 3 Townhouses!

Call on our professional team of Realtors for all your real estate needs; put our experience to work for you.

A Few Household Tips:

Ink Stain? To remove this type of stain try spraying ultra-hold hairspray on the stain, let it dry, then wash like normal...Don't worry you can't use too much hairspray!

Fog build up on the bathroom mirror? To prevent this annoying issue apply aftershave to the mirror's surface after a shower. Take a cloth and wipe the surface clean! Voila! You now have a mirror that is fog resistant for at least 3 weeks!!

Washing Dishes... Add a tablespoon of baking soda to your water with your usual dish soap. It will soften your hands while cutting through that nasty grease!

National Home Warranty Info

The National Home Warranty Maintenance Manual (distributed to homeowners at the time of possession) suggests the following monthly maintenance tips for homeowners:

- Clean or replace range hood filters and make sure it exhausts properly.
- Clean and test all smoke alarms
- Clean and freshen sink drains by flushing with a diluted bleach and water mix, or with warm water and baking soda.
